CHRISTIANS ATTACKED BY HINDOO RIOTERS

Mission Buildings Special Object of Rioters.

AN OUTBREAK AT RAWALPINDI

Mob Burns American Mission Church and Young Men's Christian Association Hall—Violently Assault Native Christians in Public Streets.

Lahore, British India, May 8.—The Hindoo outbreak at Rawalpindi, appears to have been anti-Christian, as well as anti-European.

The mission buildings were the special object of the fury of the rioters. An attack was made on the American mission church, the mob burned the Young Men's Christian association hall, looted and damaged the houses of the missionaries and violently assaulted native Christians in the public streets.

A riotous outbreak under the leadership of Hindoo students, has occurred at Amritsar, about 30 miles from Lahore.

Simla, British India, May 8.—The schools and colleges of Bengal, which are affiliated with the University of Calcutta, have become such hotbeds of political agitation that the government resolved to take drastic action.

A circular has been sent to the university, college and school authorities, prohibiting the participation in political movements and notifying the university that unless it carries out its duty in controlling the affiliated colleges all the government scholarship endowments will be withdrawn.

RAID ON CONEY ISLAND.

Everything Projecting Beyond Property Line Is Cut Off.

New York, May 8.—Armed with axes and guarded by a squad of police, a gang of men directed by Assistant Commissioner of Public Works Van Vleet, of Brooklyn, descended upon Surf avenue, the main thoroughfare of Coney Island Monday, and lopped off every part of any kind of building, stand or sign which extended beyond the property line.

While the indignant owners protested, soda fountains were chopped in two, frankfurter stands were torn apart, overhanging signs were pulled down, and the dozen different catch-penny devices which line the avenue from end to end, were piled into the trucks and carried away.

When the raiding had been completed, the avenue looked as though a cyclone had swept through it, tearing away everything nearer than 20 feet to the curb line. At least 20 truck loads of material were hauled off. The loss of the owners of these stands will be considerable, as many of them paid extremely high rates for the privilege of maintaining their stands within easy reach of the hundreds of thousands of people who patrol Surf avenue during the season.

Unitarian Conference.

Chattanooga, Tenn., May 8.—The southern conference of the Unitarian churches convened here Tuesday in All Souls church. Delegates are in attendance from every society in the south, and prominent preachers and lay members from the north. Dr. Walter Mason, of Pittsburg, Pa., delivered the first public lecture.

Perished in Flames.

Hazleton, Pa., May 8.—A mother and her two children were burned to death late Monday night in a fire that destroyed a block of houses occupied by three families at Beaver Brook, a mining village near here. The dead woman was Mrs. Joseph Dittcavey, the wife of a miner. The children were infants.

Deaths From Bubonic Plague.

Valparaiso, Chile, May 8.—At Antofagasta, where the bubonic plague is raging, there were 124 deaths from the dread disease during the first three months of this year.

REACH HIGHEST ALTITUDE.

Effort Made to Unveil Mystery of the Himalayas.

Paris, May 8.—Two well known explorers, Dr. and Mrs. Bullock Workman, have arrived here from India. The doctor talks interestingly of their recent effort to unveil the mystery of the Himalayas.

"We camped," he said, "at the highest altitude attained by man—21,300 feet. This was in the unexplored Minkum range. From our camps on a snowy plain surrounded by seven towering peaks, we ascended to a height where I stopped to take photographs as the mist was increasing, while Mrs. Workman climbed to a peak 23,300 feet above the level of the sea.

"Only once was this record broken, when I climbed the Chogo Lunga glacier, 23,394 feet. During the last five days of our climb, the atmosphere was so rare we were unable to sleep.

"Avalanches in the Alps were miniatures compared with those we saw in the Himalayas. Some were half a mile wide and plunged down the precipitous slopes with a terrific roar. It was appalling in grandeur. I managed to make important scientific records."

The Workmans found a people of Mongolian type at a height of 10,000 feet growing rye, wheat, oats and barley, and even at 12,000 feet they saw a village where human beings were living in huts with white goats, fowls, armots and strange animals.

NARROW ESCAPE OF CHILDREN.

Microants Rock a Train of Picknickers Near Washington.

Washington, Ga., May 7.—Just as the train of the Washington branch of the Georgia Railroad was pulling out from Hillman, a small station about 10 miles below Washington, in Taliaferro county, some unknown parties rocked the train Saturday night. One of the missiles crashed through a window, striking Hillyer Johnson, the 10 year old son of Councilman W. T. Johnson, of this city, inflicting a very painful though not serious wound in his stomach.

There were about 100 boys and girls on the train at the time returning from the annual Baptist Sunday school picnic at Hillman, and it was almost a miracle that no one was more seriously hurt.

Case of Albert T. Patrick.

New York, May 8.—The American Tuesday says that Albert T. Patrick now serving a life sentence for killing Millionaire William M. Rice, in 1900, is contemplating asking for a writ of habeas corpus on the ground that he was tricked into withdrawing his application for an appeal to the United States supreme court while he was under death sentence and accepting commutation to life imprisonment from late Governor Higgins. The announcement is made on authority of Mrs. Albert T. Patrick, wife of the prisoner, given in a long signed statement which the American publishes.

Rector and Girl in Custody.

Saranac Lake, N. Y., May 8.—It is reported that the Rev. J. K. Cooke, late of Hempstead, L. I., has been taken into custody at Saranac Lake. According to the account, the arrest was made by detectives employed by a private agency. The local authorities at Saranac Lake denied knowledge of the arrest.

Irish Council Bill.

London, May 8.—The Irish council bill, the object of which is to provide for the establishment and functions of an administrative council, at Dublin, was introduced in the house of commons Tuesday afternoon by the chief secretary for Ireland, Mr. Birrell, before an audience which crowded every corner of the house.

Honor To Roosevelt.

Washington, May 8.—President Theodore Roosevelt was elected an honorary vice president at the seventy-ninth annual meeting of the American Seaman's Friends' Society Monday. President Roosevelt, it was said, made his first public speech when a young man, in the society's room.

FAST TRAIN IS HELD UP BY HIGHWAYMEN

Scene of Hold Up Was Near Welch's Spur, Mon.

ENGINEER IS REPORTED KILLED

Robbers Hold-Up the North Coast Limited Train on Northern Pacific Railroad with the Object of Securing Contents of Through Safe.

Butte, Mont., May 8.—The North Coast Limited, the crack train on the Northern Pacific, was held up at Welch's Spur, Tuesday, about fifteen miles east of this city, and the engineer killed.

The sheriff's office was notified of the robbery and officers left immediately for the scene.

The object of the robbers, it is presumed, was to secure the contents of the through safe carrying consignments of currency from Seattle, Portland and Spokane to eastern points.

This is the fourth time the North Coast eastbound has been held up in three years. The other three times this train was robbed near Bear Mouth, about eighty miles west of here.

Tuesday morning's hold-up was near the scene of the robbery of the Burlington Flyer two years ago, in a section of country very rough and mountainous.

General Manager Horn, of the Northern Pacific railroad, gave out the following statement about the attempt to rob the North Coast Limited:

"The eastbound North Coast Limited was held up on the east side of Butte mountain, about 15 miles east of Butte, by two or more men, who shot and killed the engineer and shot the fireman through the arm. They did more shooting, but evidently became alarmed and left. Sheriff Webb of Billings, was on the train and started on the trail of the holdup men. Bloodhounds from the Deer Lodge penitentiary have been put on their trail.

"The robbers did not get any cash. While this road has had several hold-ups in that vicinity in the past ten years, we have captured the robbers in every instance, and they are all doing time in the penitentiary, and in all that time our money loss has not exceeded \$3,000."

FOUGHT UNDER 18 FLAGS.

Soldier of Fortune Who Fought in Many Lands.

New York, May 8.—Henry R. H. E. Melver, a soldier of fortune, whose exploits have been carried on in many lands, was found dead in bed in his home in West Twenty-second street Monday. He was last seen alive by Charles Mitchell.

At the time of his death the old man was engaged in collaborating with an author in the preparation of a story entitled "Fighting Under Eighteen Flags."

In Melver's own story of his life, he claims to have served as a soldier in the Sepoy mutiny; under Garibaldi, in his campaign in Italy; as a captain under Don Carlos, the Spanish pretender; as a major in the confederate forces in the civil war; under Maximilian, in the Mexican war; as colonel under Napoleon III; as a brigadier general in the forces of the Khedive of Egypt; as commander of the cavalry of King Milan, of Serbia, in one of his embroilments, and later as commander of the personal guard of King Milan.

Strike Becoming Serious.

Pittsburg, Pa., May 8.—The strike of machinists in the Pittsburg district is becoming serious. For the first time since the establishment of the Pennsylvania state constabulary, the protection of that organization has been invoked in Allegheny county. On Monday troops arrived here and are stationed at the Mesta-Machine works at West Homestead. The borough police and fifty deputy sheriffs are also on duty at the plant.

STRICKEN WITH APOPLEXY.

Vice President of American Tobacco Company Dies Suddenly.

New York, May 8.—Charles E. Halliwell, vice president of the American Tobacco company, and one of the heaviest stockholders in the corporation, died suddenly of apoplexy in the Holland house Monday night. Mr. Halliwell was stricken when at dinner with his wife of a few months, and a niece.

Prior to the formation of the American Tobacco company, Mr. Halliwell was at the head of the Liggett & Myers Tobacco company, of St. Louis. He was reputed to be worth \$20,000,000. Mr. Halliwell, who is 50 years of age, was married in October last to Miss Ruth Alice Cole, a trained nurse who had cared for him some months and had nursed him through a dangerous illness.

ACCIDENT ON M. & O. ROAD.

Collision Between a Passenger and a Freight Train Near Percy, Ill.

St. Louis, May 8.—A dispatch to the Globe-Democrat says the fast night passenger and mail train on the Mobile and Ohio railroad from St. Louis to the Gulf coast collided head-on with a freight train near Percy, Ill., at 11:27 o'clock Monday night.

Meager reports from Percy said six persons were injured. Both trains are reported to have been badly damaged. The injured are:

Frank Blackhead, brakeman; W. E. Settle, E. A. Pinero, C. E. Swirls, Will Owens, Thomas Brown. It is believed none is fatally hurt.

Confident He Will Not Hang.

Augusta, Ga., May 8.—Messrs. Picquart and Franklin, attorneys for Arthur P. Glover, who for the second time is under sentence of death for the murder of his paramour, Maud Dean, will shortly file an appeal for a new trial. This appeal will be denied by Judge Hammond, who so severely arraigned Glover the morning he was sentenced, and the case will then be carried to the supreme court of the United States, provided such action becomes necessary. They are confident that Glover will never hang, while the defendant himself says he will never pay the death penalty.

Charged with Crime.

Pensacola, Fla., May 8.—Although a year has elapsed since the Ackerman family, composed of husband and wife and seven children, was murdered, and then burned in Santa Rosa county, near here, detectives have just procured information which has caused the arrest of two white men, Joe Stanley and William C. Smith, who are charged with having committed the crime. Stanley was arrested in Geneva, Ala., while Smith was found at Gonzales and brought through this place Monday by officers enroute to Milton, the county site of Santa Rosa county.

Died in Pullman Car.

Montgomery, Ala., May 8.—Dr. George Collins, a young physician of Cincinnati, on his way to that city to be married, died in a Pullman car of a northbound train at the union railway station here Monday. He had been to Florida for his health, and was returning north, in company with Mr. Stock, father of the young woman whom he was to wed this week. He was seized with illness here and died in his berth. Dr. Collins was 28 years of age.

Senate Candidate Kills His Foe.

Duncan, I. T. May 8.—James Leftwich, a wealthy cattle man of Loco, I. T., and candidate for state senator, on the democratic ticket, on Monday shot and killed T. K. Clark, also a wealthy cattle man. A feud had existed between the men for a long time. Both men were armed, but Leftwich was the quicker in drawing his revolver.

Cleared of Charge of Murder.

Macon, Ga., May 8.—L. S. McConnell was acquitted of the murder of John King, in the superior court in Macon. Several months ago the two had an altercation on Main street in East Macon and McConnell began firing. The general opinion was that he would be freed of the charge. McConnell was in his own store when the trouble began.

CHISOLM TO SERVE TERM OF SIX YEARS

Birmingham Paying Teller Has Been Found Guilty.

THE VERDICT REGARDED AS JUST

Chisolm Said That He Was Not Crazy, and Never Had Been, When He Was Asked for Statement by the Jury Deciding His Case.

Birmingham, Ala., May 8.—After having been out since 6 o'clock on Monday evening, the jury in the case of Alexander R. Chisolm, former paying teller charged with having embezzled \$100,000 from the First National bank of Birmingham, which sum, it is alleged, he lost in cotton speculation, brought in a verdict of guilty shortly after 10 o'clock Tuesday and the court fixed punishment at six years in the federal prison at Atlanta, Ga.

When Chisolm was asked if he had anything to say as to why sentence should not be pronounced, he arose and said that he regarded the verdict a just one, that he was not crazy and never had been insane, but he regretted the affair very much.

Sentence was then pronounced.

When the jury came in and the foreman read the word "Guilty," Chisolm listened without a change of countenance. He never so much as twitched a muscle. His face was colorless as a marble slab, but this has been his appearance throughout the trial. It was then in response to the inquiry of the court that he arose and made his statement, which he concluded by pleading for the mercy of the court. A death-like silence prevailed throughout the court room as Judge O. R. Hundley pronounced the sentence.

LONGSHOREMEN ON STRIKE.

Serious Turn to the Labor Trouble in New York.

New York, May 8.—The longshoremen's strike, which has been on for a week, in Brooklyn and Manhattan, was suddenly extended Monday, when a number of men employed on the docks on the Hudson, both in New York and Hoboken, left their places.

It is estimated that about 3,000 men went out. The strikers claim that on Tuesday several thousand more men would strike, and that within 48 hours there will not be a longshoreman at work, except for companies which grant the increase in wages demanded. The men ask for 40 cents an hour for ordinary work, 60 cents for overtime, and 80 cents for Sundays and holidays. At present they receive 35, 50 and 60 cents.

On the other hand, the dock superintendents of the line, particularly the great trans-Atlantic lines, which are affected, say that under no circumstances will they grant the demands of the men. They declare the demands are exorbitant, and that plenty of men can be had for the old scale.

In the meantime the companies have their firemen, stewards and the crews at work loading freight.

It is said that none of the big liners will be delayed, although some of them may be forced to sail without full cargoes.

KILLED ENTIRE FAMILY.

San Francisco Carpenter Goes Crazy and Deals Death to Many.

San Francisco, May 8.—Walter C. Davis, a carpenter, in a fit of insanity, on Tuesday, shot and killed a family of six persons with whom he resided at 141 Pierre street in this city.

BEARD AMENDMENT KILLED

In the House by Tremendous Vote
Against It—Hudson's Bill Creating
Palm Beach County Passed Senate.
Brilliant Public Reception by Gov-
ernor.

Special to The Sun.

Tallahassee, May 8.—Both branches
of the Legislature have been hard at
work today, and many important
measures have been passed upon.

Senator Hudson's bill creating Palm
Beach county from the southern part
of Dade passed the Senate today by
a vote of 20 to 11, and the advocates
of the bill are naturally happy.

Senator Beard's constitutional
amendment providing for the disfran-
chising of the negro met its Waterloo
in the House, having been mercilessly
defeated by a vote of 46 to 11.

It looks as though the bill dividing
Hillsboro county, and creating by this
division the county of Pinellas, will
be passed in the Senate, although
there is a strong delegation here
against it. This is one of the warmest
county division fights on record.

It will be pleasing to state that
Senator McCreary and Representatives
Carter and Duke are hard at work,
and industriously guarding the inter-
ests of their constituents.

Governor Broward tendered a bril-
liant reception to the public tonight,
which was largely attended and en-
joyed.

The committee which visited the
State educational institutions has
given an excellent report of the Uni-
versity and State College, and
Gainesville will have no further fight
from Lake City on the University.

the athletic committee of the Uni-
versity of Florida will take place Sat-
urday afternoon of the present week.

military and aquatic nature. The
most interesting feature will probab-
ly be the rifle and revolver shooting,
the wall-scaling contest, competitive
drills, swimming and diving matches.

The public is cordially invited to

THE GYPSIES ARE HERE.

The Sparrow Band Have Set Their
Tents in North Gainesville.

The band of horse traders under the
leadership of Mr. Sparrow, who spent
some time here last year, have ar-
rived, and have pitched their tents
in the pine grove, North Gainesville,
near the store of Henry Ramsey.

While these people are not Gypsies,
they are generally termed such, on
account of their manner of traveling
and living. They are a very clever
lot, and the people of North Gaines-
ville welcomed them back gladly.

A FACT PROVEN.

If there is the slightest doubt in the
minds of any that Dandruff germs do not
exist, their belief is compelled by the
fact that a rabbit inoculated with the
germs became bald in six weeks' time.

It must be apparent to any person
therefore that the only prevention of
baldness is the destruction of the germ—
which act is successfully accomplished
in one hundred per cent. of cases by
the application of Newbro's Herpicide.

ENERGETIC WORK AT STATE CAPITOL

Both Branches of Legislature
Were Very Active Tuesday.

MANY BILLS OF IMPORTANCE

Among Which Was One for the Reduction of Express Rates—Dr. Smith of Lake and His Liquor Bill—County Division Bills Are Numerous.

In the Senate Tuesday morning there were three orders which consumed most of the session.

Mr. Clark's bill providing for an assistant attorney-general was lost, the Senate having passed the House bill by Mr. Matthews of Marion, authorizing the employment of special counsel by the railroad commissioners.

Mr. Trammell's bill requiring the trustees of the internal improvement fund to advertise lands offered for sale was passed unanimously and after a lengthy debate the same Senator's bill making 25 cents the maximum rate for express packages not exceeding five pounds in weight, was passed by a vote of 17 to 9.

The consideration of various constitutional amendments in each house occupied a good deal of time and the one proposed by Mr. MacWilliams authorizing the Legislature to fix judicial salaries passed the lower House unanimously.

A debate of nearly two hours covering the question from all standpoints of law and morals and public policy followed the second reading of the bill of Dr. Smith of Lake, prohibiting the shipment of liquors from wet into dry counties of this State, the motion of Mr. Farris of Duval to indefinitely postpone the bill being laid on the table by a vote of 46 to 11 and the bill went to the engrossing committee for third reading.

The House committee on city and county organization reported favorably the bill to abolish the municipality of Estero, and unfavorably the bills for the creation of Seminole and Eden counties.

The Senate will take action today on the Palm county bill and possibly next day on the Pinellas bill, with a warm fight in prospect of both.

The House committee on education today reported adversely to State uniformity of text-books 4 to 3, though Chairman Dudley favored uniformity and the fight will be carried into the House.

SENATE PROCEEDINGS.

The Senate opened Tuesday morning with President Harris in the chair; prayer by Senator Crews.

At the request of Senator Cone the president was asked to waive the rules and assign Senator Johnson to such committee as he deemed advisable.

President Harris informed the Senate that he would announce the appointment Wednesday.

Senator Beard of the Second introduced a resolution to have the statue of Edwin Kirby Smith placed in the national statutory hall at Washington. The resolution requires a commission, which will be appointed by the Governor, to select the statue and attend to all details as to the location and cost of the statue. On motion of Senator Beard, the rules were waived and the resolution was placed upon its second and third reading. Passed unanimously, and immediately certified to the House.

The House resolution to Congress to call for a federal constitutional convention to have an income and inheritance tax imposed, came up on its second reading.

Sensors Buckman, McCreary, Boone and Crill spoke in opposition to the resolution, contending that Florida should not take the initial step, but wait for some larger State to take such action.

Senator Cone moved that the resolution be referred to the committee on constitutional amendments. Seconded by President Harris, who had called Senator Adams to the chair.

With only three dissenting votes the resolution was referred to the committee on constitutional amendments.

BRONCHIAL TROUBLES.

Readily Yield to Soothing, Healing Treatment of Hyomei.

Bronchial troubles are purely local. They cannot be helped by stomach dosing. They are caused by irritation in the air passages and can be relieved and cured by medicated air alone. In this lies the secret of the great success of Hy-o-mei in the treatment of bronchial troubles.

The Hy-o-mei medication, laden with nature's remedies, is breathed through the neat pocket inhaler that comes with every outfit, reaching every part of the bronchial tubes and killing at once the disease germs. It allays all irritation and heals the inflammation of the mucous membrane with astonishing rapidity.

Treatment with sprays, douches and atomizers in bronchial troubles is condemned by the best physicians, as they cause further irritation.

The first breath of Hy-o-mei's medicated air seems to soothe the inflammation, stop the cough, and thus relief soon becomes permanent and a cure results.

Hy-o-mei has made many remarkable cures in the worst and most chronic forms of bronchial troubles and is sold by J. W. McCollum with the same guarantee as he gives when Hy-o-mei is purchased for catarrh, that is, to refund the money in case the remedy does not give satisfaction. The complete outfit costs \$1.00.

S.S.S. PURELY VEGETABLE

S. S. S. is recognized everywhere not only as the best of all blood purifiers and the greatest of all tonics, but the one medicine that can be taken with absolute safety by everyone. Young or old, those in robust health, or those whose systems are delicate and run-down, may use it with the same good results, and equally without fear of any unpleasant or injurious after effects. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic Dyspepsia, unfavorably affecting the bowels, and so deranging the system otherwise, that even if the original disease had been removed from the system it is left in such a weakened and deranged condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral ingredient of some kind. It is made entirely of the healing, cleansing extracts and juices of roots, herbs and barks gathered directly from the forests and fields of nature, under our own supervision, and when they reach our laboratory contain all their original valuable tonic and blood purifying properties. We offer a reward of \$1,000 for proof that S. S. S. contains a particle of mineral in any form. Being made entirely from these vegetable ingredients S. S. S. is absolutely harmless to the system, and while curing disease adds health and strength to every part of the body. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all other blood troubles by removing the cause and supplying the circulation with health-giving and strength-producing qualities.

A JAIL DELIVERY IN CITRUS COUNTY

Twelve Prisoners Escape from the Inverness Jail.

A VERY PECULIAR OCCURRENCE

Immediately After Escape Was Effectuated, One Prisoner Notified Sheriff Graham—Every Prisoner in Jail Escaped With One Exception.

Special to The Sun.

Hernando, May 8.—Twelve prisoners confined in the jail at Inverness, effected their escape Tuesday night by tearing up the sink in the jail.

The sink was old and rusty, and by some means the prisoners secured a large pipe wrench, and it was used as a lever to pry the sink up.

All the prisoners escaped except one, and he was too large to go through the opening made. One prisoner, as soon as he was out of jail, went to Sheriff Graham's residence and notified him of the escape.

A thorough search is being made for the escaped prisoners.

Former Sheriff Carter, who was suspended some time ago, will, it is understood, be reinstated May 10th.

A negro put a stick of dynamite under a house occupied by a woman Monday night. No one was hurt.

Mitchell Hodge, an old Alachua county boy, has been elected marshal of Hernando.

FAIRBANKS NEWS.

Fairbanks, May 8.—Fairbanks has been blessed with a fine rain, and everything is looking fine.

H. H. Arnold has a fine field of cantaloupes. He expects to ship not less than two car loads.

The Orange Cottage Hotel and the McFallons house burned to the ground, so it looks rather thin around there—but if you give Fairbanks a chance it will grow.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or something indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing, mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

THE CIRCUIT COURT.

There were several prisoners arraigned upon various charges, all of whom pleaded not guilty with the exception of John Croft, who pleaded guilty of larceny.

The court will convene again at 9 o'clock this morning.

A TRIED PRESCRIPTION.

A tried prescription, highly recommended by physicians for the relief of disorders of the kidneys and bladder, is compounded of ¼ oz. Fluid Extract of Buchu, ¼ oz. Fluid Extract of Uva Ursi, 1 oz. Amel Cordial, ¼ oz. Fluid Extract of Liverwort and 15 ozs. water. A dose of a tablespoonful of this is taken three times a day, and the continued use of the medicine for one month is calculated to drive from the system all the impurities which cause the disease. No one has suggested that Mr. Foraker nominate Mr. Roosevelt.

It must be admitted that Mr. Taft has a handicap in having to carry son-in-law Nick.

We'll bet that when Col. Harvey goes get his commission, in the Annapolis Club, it will be a croker.

Apparently Mr. Loeb is preparing to place himself out of blame's way if things go wrong with the Roosevelt-Taft program.

Mr. Bryan apparently has the Democracy so well tamed that it doesn't pay perceptibly even at the initiative and referendum.

Mr. Harriman may not know where he stands, but there is little reason to fear that the campaign collectors will not be able to find him next year.

It was unfortunate for Mr. Harriman that the controversy arose just as it was becoming possible to finance several nicely watered airship routes.

And the funny feature of the discussion is that the first initiative and referendum law enacted in this country, was the work of a Republican Legislature.

W. T. Stead says: "American men have no manners." Mr. Stead is the gentleman of polished manners who informed a gathering of ministers that he "didn't care a d— for their manners."

It is claimed that the ink used in ordinary correspondence these days, will fade completely in sixty days. Mr. Harriman and Mr. Storer ought to use the kind that fades in at least sixty days.

The temperance people of Putnam county are going to make another determined effort to place the county in the dry column. A meeting of the citizens of Palatka and of the county has been called for Monday, May 13th, in the county court house, for the purpose of planning a campaign and electing the necessary committees.

The Mulberry Times is the latest debutant into newspaperdom. The Times is glad to welcome The Times to our exchange table and wish it all the success possible. Mulberry is a promising little town and should give The Times liberal support. Editor Howe has placed his paper on a high standard and we feel assured that it will ever sail as it was launched.

That the former president of the Senate will figure prominently in the next memorial race is a foregone conclusion. In fact if Dame Rumor can be entrained, Mr. Adams will appear before the people of his native State with the request that he be given the seat of Senator Mallory at Washington. The friends of Mr. Adams contend, and the contention is substantiated by many of the best political prophets in Florida, that in a whirlwind campaign between Mallory and Adams, the latter would don the memorial toga so becoming the personality of the statesman from Pensacola.

Of immense interest to the cotton growers of the South is the reported use of paper as a substitute for cotton abroad. It will be remembered that recently a paragraph went the rounds of the papers saying that they were making clothes of paper in Germany. This bald statement seemed rather incredible, but the Department of Commerce and Labor had the story investigated by the American consuls in Germany, and a report from Consul Carl Hurst of Plauen makes it seem that the subject is worthy of some attention. He says that paper as we understand it is not used in sheets for making clothes, but that there is an immense industry springing up, especially in Saxony, in the spinning of paper fibre into yarn and thread and then weaving it into cloth. The new yarn, made from wool fibre, is called "xylofin." It is the result of years of scientific research by Herr Emil Claivez, a noted German chemist. The process is a secret one, but mills are springing up all over the country, and it is said that preparations are being made to establish mills and exploit the process in this country. The wood fibre thread has peculiarly valuable qualities. It is very cheap, about half the cost of cotton. It wears well, is light and takes dyes of all sorts much better than cotton. Sometimes it is woven alone, and sometimes in combination with cotton yarn. Its uses are manifold. It is made into clothes, carpets, gunny sacks, "canvass" shoes, and a score of other things. Its cheapness recommends it, and so far as experiment has demonstrated, its wearing qualities are very good. Of course, there have been a great many discoveries in the past of "artificial silk," and there are undoubtedly a great many materials used for adulterating silk. But most of these have caused more talk than they have caused real injury to the silk business. It may be that it will prove the same with this substitute for cotton. But the report of Consul Hurst is so full and circumstantial that it is possible that there may be more in the discovery than is usually to be found in such alleged inventions.

Senator Joseph H. Humphreys is one of the recognized leaders of the present body of law-makers. Being one of the foremost editors and writers of South Florida, together with his early training in legal jurisprudence, the ever popular and quick-fire speaker from Bradentown cannot refrain from taking his place in the front rank of 1907 Senators. That the earnestness and ability of Mr. Humphreys has long since manifested itself is readily shown by the responsible committee appointments assigned to him. He is a member of nine committees and chairman of the Committee of Temperance. He is a member of the Judiciary and also retains a place on the committee now investigating into the workings of the Internal Improvement Fund. This investigating committee is nightly and daily probing into the condition of this fund and quite a voluminous report is expected by the Legislature before the last day of the session. Senator Humphreys is the author of the Constitutional amendment seeking State option. The amendment has not come up as yet but is expected to appear on the calendar this week. The oratorical effort and convincing logic of the gentleman from the Twenty-seventh will doubtless attract hundreds to the Senate chamber on the day the amendment reaches its third and last reading. Friends of the genial South Floridian say it will be a rare treat to hear him tell his colleagues the advantages and popular demand for State option.

Bad Symptoms.
The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.
Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.
No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.
In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.
Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.
Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

Last week there was celebrated in Washington the ninth anniversary of the battle of Manila Bay. This has come to be a fixture, and it is always marked by a dinner at one of the hotels, where the guest of honor is Admiral Dewey and as many of the captains who served under him as can be gathered together. This year there were but three of the Admiral's captains alive, and only two could be present. All are now retired for age, though Admiral Walker is still on active service in charge of the Naval Observatory at Washington. The gathering was a distinguished one. Admiral Dewey was apparently in just as good health and spirits as on the day he won the world famous fight. The members of the Cabinet who were in town attended, as did a number of the Diplomatic Corps and the high officers of the army and navy.

Reporters are kept away from the White House in the evening. Maybe the President is taking lessons in bridge.

As Col. Goethals cannot resign from the army, he is beginning to excuse himself by the failure of his predecessors.

Why was not the Ananias Club included in the Government exhibits at Jamestown?

However, by complying with certain conditions and upon payment of fee of \$1.00, an extension of this limit to June 17th may be procured.

The Seaboard has been declared the Official Route for delegates to this meeting. Those having the matter in hand were evidently guided in reaching the decision to name the line by some of the attractive features of the service, noticeable among these being the double daily service with through coaches and sleeping cars and then the following: Our people, with an idea of affording delegates to this and other conventions held in Richmond, an opportunity for visiting the Jamestown Exposition, perfected an arrangement whereby the return portion of tickets reading from Richmond are honored from Portsmouth, Virginia, without additional charge. This alone certainly makes the Seaboard especially attractive.

There is a movement now on foot to have the Florida Baptists assemble in Jacksonville, moving from there on the same train—one might say in a body! This, too, will make the trip more pleasant.

FRENCH PRESS PLEASED.

Regard With Satisfaction Certain Negotiations in the Far East.
Paris, May 8.—The French press has received with general satisfaction the announcement that negotiations are in progress between France and Japan looking to an understanding guaranteeing the political and commercial interests of the two powers in the Far East, as relieving France of the danger of the loss of Indo-China and as serving all the nations with interests in the Far East. The papers also recognize in the approaching understanding a triumph for British diplomacy.

The Petit Parisien says it considers that the entente involves Japan's renunciation of the new Monroe doctrine of Asia for the Asiatics, and the Cui Bias while maintaining that the agreement is not directed against any particular country, contends that it constitutes "a warning for the power which is excluded."

The Gaulois is excited lest the entente "create inquietude in America, and facilitate an American-German rapprochement, while the Eclair says it fears that "the new combination against Germany will not serve the cause of peace."

Believe Men Were Drowned.

CHRISTIANS ATTACKED BY HINDOO RIOTERS

Mission Buildings Special Object of Rioters.

AN OUTBREAK AT RAWALPINDI

Mob Burns American Mission Church and Young Men's Christian Association Hall--Violently Assault Native Christians in Public Streets.

Lahore, British India, May 8.—The Hindoo outbreak at Rawalpindi, appears to have been anti-Christian, as well as anti-European.

The mission buildings were the special object of the fury of the rioters. An attack was made on the American mission church, the mob burned the Young Men's Christian association hall, looted and damaged the houses of the missionaries and violently assaulted native Christians in the public streets.

A riotous outbreak under the leadership of Hindoo students, has occurred at Amritsar, about 30 miles from Lahore.

Simsa, British India, May 8.—The schools and colleges of Bengal, which are affiliated with the University of Calcutta, have become such hotbeds of political agitation that the government resolved to take drastic action.

A circular has been sent to the university, college and school authorities, prohibiting the participation in political movements and notifying the university that unless it carries out its duty in controlling the affiliated colleges all the government scholarship endowments will be withdrawn.

RAID ON CONEY ISLAND.

Everything Projecting Beyond Property Line Is Cut Off.

New York, May 8.—Armed with axes and guarded by a squad of police, a gang of men directed by Assistant Commissioner of Public Works Van Vleet, of Brooklyn, descended upon Surf avenue, the main thoroughfare of Coney Island Monday, and lopped off every part of any kind of building, stand or sign which extended beyond the property line.

While the indignant owners protested, soda fountains were chopped in two, frankfurter stands were torn apart, overhanging signs were pulled down, and the dozen different catch-penny devices which line the avenue from end to end, were piled into the trucks and carried away.

When the raiding had been completed, the avenue looked as though a cyclone had swept through it, tearing away everything nearer than 20 feet to the curb line. At least 20 truck loads of material were hauled off. The loss of the owners of these stands will be considerable, as many of them paid extremely high rates for the privilege of maintaining their stands within easy reach of the hundreds of thousands of people who patrol Surf avenue during the season.

REACH HIGHEST ALTITUDE.

Effort Made to Unveil Mystery of the Himalayas.

Paris, May 8.—Two well known explorers, Dr. and Mrs. Bullock Workman, have arrived here from India. The doctor talks interestingly of their recent effort to unveil the mystery of the Himalayas.

"We camped," he said, "at the highest altitude attained by man—21,800 feet. This was in the unexplored Minkum range. From our camps on a snowy plain surrounded by seven towering peaks, we ascended to a height where I stopped to take photographs as the mist was increasing, while Mrs. Workman climbed to a peak 23,300 feet above the level of the sea.

"Only once was this record broken, when I climbed the Chogo Lunga glacier, 23,394 feet. During the last five days of our climb, the atmosphere was so rare we were unable to sleep.

"Avalanches in the Alps were miniatures compared with those we saw in the Himalayas. Some were half a mile wide and plunged down the precipitous slopes with a terrific roar. It was appalling in grandeur. I managed to make important scientific records."

The Workmans found a people of Mongolian type at a height of 10,000 feet growing rye, wheat, oats and barley, and even at 12,000 feet they saw a village where human beings were living in huts with white goats, fowls, armots and strange animals.

NARROW ESCAPE OF CHILDREN.

Micreants Rock a Train of Picknickers Near Washington.

Washington, Ga., May 7.—Just as the train of the Washington branch of the Georgia Railroad was pulling out from Hillman, a small station about 10 miles below Washington, in Taliaferro county, some unknown parties rocked the train Saturday night. One of the missiles crashed through a window, striking Hillyer Johnson, the 10 year old son of Councilman W. T. Johnson, of this city, inflicting a very painful though not serious wound in his stomach.

There were about 100 boys and girls on the train at the time returning from the annual Baptist Sunday school picnic at Hillman, and it was almost a miracle that no one was more seriously hurt.

Case of Albert T. Patrick.

The announcement is made on authority of Mrs. Albert T. Patrick, wife of the prisoner, given in a long signed statement which the American publishes.

FAST TRAIN IS HELD UP BY HIGHWAYMEN

Scene of Hold Up Was Near Welch's Spur, Mon.

ENGINEER IS REPORTED KILLED

Robbers Hold-Up the North Coast Limited Train on Northern Pacific Railroad with the Object of Securing Contents of Through Safe.

Butte, Mont., May 8.—The North Coast Limited, the crack train on the Northern Pacific, was held up at Welch's Spur, Tuesday, about fifteen miles east of this city, and the engineer killed.

The sheriff's office was notified of the robbery and officers left immediately for the scene.

The object of the robbers, it is presumed, was to secure the contents of the through safe carrying consignments of currency from Seattle, Portland and Spokane to eastern points.

This is the fourth time the North Coast eastbound has been held up in three years. The other three times this train was robbed near Bear Mouth, about eighty miles west of here.

Tuesday morning's hold-up was near the scene of the robbery of the Burlington Flyer two years ago, in a section of country very rough and mountainous.

General Manager Horn, of the Northern Pacific railroad, gave out the following statement about the attempt to rob the North Coast Limited:

"The eastbound North Coast Limited was held up on the east side of Butte mountain, about 15 miles east of Butte, by two or more men, who shot and killed the engineer and shot the fireman through the arm. They did more shooting, but evidently became alarmed and left. Sheriff Webb of Billings, was on the train and started on the trail of the holdup men. Bloodhounds from the Deer Lodge penitentiary have been put on their trail.

"The robbers did not get any cash. While this road has had several hold-ups in that vicinity in the past ten years, we have captured the robbers in every instance, and they are all doing time in the penitentiary, and in all that time our money loss has not exceeded \$3,000."

FOUGHT UNDER 18 FLAGS.

New York, May 8.—Henry R. H. E. McIver, a soldier of fortune, whose exploits have been carried on in many lands, was found dead in bed in his home in West Twenty-second street Monday. He was last seen alive by Charles Mitchell.

At the time of his death the old man was engaged in collaborating with an author in the preparation of a story entitled "Fighting Under Eighteen Flags."

In McIver's own story of his life, he claims to have served as a soldier in the Sepoy mutiny; under Garibaldi, in his campaign in Italy; as a captain under Don Carlos, the Spanish pretender; as a major in the Confederate forces in the civil war; under Maximilian, in the Mexican war; as colonel under Napoleon III; as a brigadier general in the forces of the Khedive of Egypt; as commander of the cavalry of King Milan, of Serbia, in one of his embroilments, and later as commander of the personal guard of King Milan.

Strike Becoming Serious.

Pittsburg, Pa., May 8.—The strike of machinists in the Pittsburg district is becoming serious. For the first time since the establishment of the Pennsylvania state constabulary, the protection of that organization has been invoked in Allegheny county. On Monday troops arrived here and are stationed at the Mesta Machine works at West Homestead. The borough police and fifty deputy sheriffs are also on duty at the plant.

Judge Dzialynski's Funeral.

The funeral of Judge Morris A. Dzialynski, who died Sunday night in Jacksonville after a brief illness of paralysis, was held yesterday afternoon in that city, and, owing to the universal popularity of the deceased and the high esteem in which he was held by all classes of people, assured a large attendance.

Deceased, who was an uncle of L. J. Burkhim of this city, was probably the most popular man in all Jacksonville, and his death was a great shock to the populace. Friends of Mr. Burkhim sympathize with him in the loss of his relative.

CHISOLM TO SERVE TERM OF SIX YEARS

Birmingham Paying Teller Has Been Found Guilty.

THE VERDICT REGARDED AS JUST

Chisolm Said That He Was Not Crazy, and Never Had Been, When He Was Asked for Statement by the Jury Deciding His Case.

Birmingham, Ala., May 8.—After having been out since 5 o'clock Monday evening, the jury in the case of Alexander R. Chisolm, former paying teller charged with having embezzled \$100,000 from the First National bank of Birmingham, which sum, it is alleged, he lost in cotton speculation, brought in a verdict of guilty shortly after 10 o'clock Tuesday, and the court fixed punishment at six years in the federal prison at Atlanta, Ga.

When Chisolm was asked if he had anything to say as to why sentence should not be pronounced, he arose and said that he regarded the verdict a just one, that he was not crazy and never had been insane, but he regretted the affair very much.

Sentence was then pronounced.

When the jury came in and the foreman read the word "Guilty," Chisolm listened without a change of countenance. He never so much as twitched a muscle. His face was colorless as a marble slab, but this has been his appearance throughout the trial. It was then in response to the inquiry of the court that he arose and made his statement, which he concluded by pleading for the mercy of the court. A death-like silence prevailed throughout the court room as Judge O. R. Hundley pronounced the sentence.

LONGSHOREMEN ON STRIKE.

Serious Turn to the Labor Trouble in New York.

New York, May 8.—The longshoremen's strike, which has been on for a week, in Brooklyn and Manhattan, was suddenly extended Monday, when a number of men employed on the docks on the Hudson, both in New York and Hoboken, left their places.

It is estimated that about 3,000 men went out. The strikers claim that on Tuesday several thousand more men would strike, and that within 48 hours there will not be a longshoreman at work, except for companies which grant the increase in wages demanded. The men ask for 40 cents an hour for ordinary work, 60 cents for overtime, and 80 cents for Sundays and holidays. At present they receive 35, 50 and 60 cents. On the other hand, the dock superintendents of the line, particularly the great trans-Atlantic lines, which are affected, say that under no circumstances will they grant the demands of the men. They declare the demands are exorbitant, and that plenty of men can be had for the old scale.

In the meantime the companies have their firemen, stewards and the crews at work loading freight.

It is said that none of the big liners will be delayed, although some of them may be forced to sail without full cargoes.

ENTIRE FAMILY'S SKIN AFFECTIONS

Mother Suffered Six Years with Eczema—Baby Cured of Heat Rash—Father, Mother, and Child Have Scalp and Hair Troubles.

ALL GIVE THANKS TO CUTICURA REMEDIES

"My wife had eczema for five or six years. It was on her face and would come and go. We had read so much about Cuticura Remedies that we thought we would give them a trial. We did so, and it has now been about four years, and she has never had a sign of eczema since. She also used them both about a year ago for her scalp. She had very thin hair and Cuticura helped her hair greatly. I myself used Cuticura Soap and Cuticura Ointment some time ago for falling hair. I now have a very heavy head of hair and it does not fall out. We used Cuticura Remedies for our baby, who was nearly bald when young. She has very nice hair now. She is very fleshy, and we had so much trouble with heat that we would bathe her with Cuticura Soap and then apply Cuticura Ointment. It would dry the heat up so much quicker than anything else. We give thanks to the Cuticura Remedies. Mr. H. B. Springmire, 323 So. Capitol Street, Iowa City, Ia., July 16, 1905 and Sept. 16, 1906."

GREEKS ARE AT WORK.

Contractor Beeman Has Employed a Force of Twenty-Five on Sewer.

The labor problem on the sewerage work seems at last to have been solved, after months of worry in an endeavor to overcome it. Contractor Beeman, who has the work in charge, has suffered no end of inconvenience and delay on account of his inability to secure sufficient labor, but the matter has been remedied now, Mr. Beeman having employed a force of twenty-five Greeks who will be on the job in the future until finished.

These Greeks have been employed in sponge fishing on the Gulf coast, with headquarters in Tarpon Springs. The season having closed, many of the Greeks left Tarpon for various points, the above force having decided to remain here.

PROSPECTIVE GROOM MET AWFUL ACCIDENT

Run Down by Train, Skull Crushed and Otherwise Injured.

WAS ASLEEP ON THE TRACK

Had Spent Part of Saturday Night in Gainesville, and Was Evidently Walking to Hague, Where It Was Rumored He Was to be Married Sunday. From Tuesday's Daily Sun.

Within only a few hours until he would become a groom, a white man, a carpenter, by the name of James, was run down by a north-bound passenger train on the Atlantic Coast Line about a mile north of the passenger station, and just beyond the city limits, Sunday morning at an early hour, and this accident may cost him his life.

The pilot of the engine struck the man's head, which indicated that he was evidently asleep on the edge of the track. He was hurled several feet, sustaining other serious injuries. It is reported, and was taken aboard the train, being conveyed to the hospital of the Atlantic Coast Line at Waycross.

Very little is known, or could be learned, of this mysterious man, and the accident, which was equally mysterious. It is said that he is a carpenter employed by the Atlantic Coast Line, and that he came to Gainesville early Saturday evening. It is further stated that he was to have been married to a lady at Hague, ten miles north of the city, Sunday afternoon, but there is one thing sure, the misfortune which befell him will have a tendency to delay this solemn ceremony indefinitely, for the man is said to be in a precarious condition.

Nothing is known of the movement of the man after midnight, but it is supposed that, becoming tired of waiting for the train, he decided to walk to Hague, and when a short distance out lay down to rest and went to sleep.

FEARFUL TRAGEDY IN THE WEST END

Graham Long Waylaid and Murdered by Samuel Sapp.

AT HIM THREE TIMES

Charge of Buckshot Entered Neck, and Would Have Produced Instant Death—Brother of Long Had Narrow Escape Also.

On Tuesday's Daily Sun.

The West End, in the vicinity of Newberry, was the scene of another fatal assassination at a late hour yesterday afternoon, but the information did not reach Gainesville until Monday, when those coming to attend the session of circuit court here brought the news.

This tragedy cost Graham Long his life, and according to the verdict of the jury, Samuel Sapp, a young white man of the Newberry district whom it was said had not been on friendly terms with deceased for some time, was the murderer.

Young Long married a sister of Sapp about five years ago, at which time it is said the event created the pleasure of the Sapp family, who were never been on too intimate terms with the Longs.

Waylaid His Victim.

Long is a farmer, cultivating a crop of about three miles from Newberry. On Friday afternoon, as he was driving to his home in a buggy, accompanied by his brother, Levy Long, who was the only eye witness outside the principals, it is stated that Sapp was waiting by the side of the road behind a big tree, and when the buggy came opposite stepped out, commanded the men to halt, with the information that he proposed to kill them. At the same time he leveled a double-barreled gun and pulled the trigger. The gun was loaded with buck shot, and the contents of the first barrel struck Graham Long's neck, which would have produced instant death. The victim fell from the buggy, and he did a second load took effect on his side.

Used Buggy as Breastwork.

In the meantime Levy Long had left the buggy, and was using the vehicle as a breastwork. He saw Sapp deliberately "break" his gun and load the piece, when he fired a third shot into the helpless victim, who stretched upon the ground. This had penetrated the arm of Graham Long, who was then dead, when Levy, realizing the danger, began to run. While retreating, the witness stated that Sapp discharged the other barrel directly at him, but the shots went wild, and he was uninjured.

With all haste Levy Long proceeded to Newberry, where he informed the authorities of the tragedy. Justice E. Henderson empaneled a coroner's jury and returned with the man to the scene of the tragedy. After viewing the remains and taking the testimony of the only witness, the jury returned a verdict to the effect that deceased came to his death from gun shot wounds at the hands of Sam Sapp.

Sapp Made His Escape.

Immediately after the tragedy Sapp made his escape, and has not yet been captured.

Both parties are comparatively young men, and are well known throughout the West End, where they were reared.

S. A. L. SCHEDULE.

Mails Will Arrive and Depart from Gainesville One Hour Earlier.

Beginning Sunday, there was a change of schedule on the Seaboard Air Line Railway which affects the arrival and departure of trains here. The train from Jacksonville which has been accustomed to arrive at 1:30 p. m. now comes at 12:30. Instead of the old schedule of leaving at 2:30 p. m. is the leaving time. This change puts the Northern mail into Gainesville an hour earlier, which is appreciated by our people.

HONORS TO C. E.

North Gainesville Society Entertained Two Distinguished Visitors.

The Christian Endeavor Society of North Gainesville has been highly honored during the month just past. First with a visit from State Union President, Rev. Jas. F. Winnard of Tampa, who stopped over April 8, on his way to Presbytery at DeLand, from State C. E. Convention at Lake City. He delighted a large audience at the hall with an up-to-date Christian Endeavor talk, which was followed by a social hour and refreshments. Mr. Winnard was entertained by Henry Ramsey and family while here.

Another great honor was the visit among us of the State Union Secretary, Miss Grace A. Townsend, formerly of Avon Park but now of Interlachen. Our "little secretary," though frail of body, is strong in faith and courage, and her indomitable spirit has overcome all obstacles, and her work for the Master is her life. Mrs. H. W. Bruce was her hostess, and Mrs. J. D. Turner added greatly to her enjoyment by giving the services of her horse and buggy. Miss Townsend was delighted with all Gainesville.

PICNICKERS WILL GO TO WORTHINGTON

Children's Voices Will Make Grand Old Woods Ring With Glory.

SPECIAL TRAIN IS SECURED

The Party Will Leave Gainesville at 8 O'clock Friday, Spending the Day at Historic Old Worthington, Returning Late in the Afternoon.

From Tuesday's Daily Sun.

Friday, May 10, 1907, will be a red-letter day with the Sunday school children and others of Gainesville, for that is the day selected for the grand annual picnic of the Presbyterian, Methodist, Episcopal and Baptist Sabbath schools.

The committee, after careful consideration, decided that no better or more romantic spot could be selected than Worthington Springs, with its cooling natural pools and massive oaks, hence the matter of a picnic place was an easy consideration, the selection being agreeable to all.

With a view to the comfort of those who desire to take advantage of an opportunity to spend a day in the woods, the committee has arranged with the Atlantic Coast Line for a special train, which will leave Gainesville at 8 o'clock. After an hour's delightful ride, the party will arrive at Worthington. Returning, the train will leave Worthington at 5 o'clock in the afternoon, arriving in Gainesville about 6 o'clock.

The fare for the round trip on this occasion will be 60 cents for adults, 30 cents for children. While it will be a Sunday school affair, a cordial invitation is extended to the public, and a big crowd, not only from Gainesville but from the surrounding country and nearby towns, is expected to go.

The committee has spared no pains to make every arrangement for the comfort of those who go on this picnic. The lemonade man will be on hand to refresh the picnickers, there will be plenty of good things to eat prepared by the mothers, wives, daughters and sweethearts, and in all it is determined to make this affair one of the most successful of the kind ever given here.

ENERGETIC WORK AT STATE CAPITOL

Both Branches of Legislature Were Very Active Tuesday.

MANY BILLS OF IMPORTANCE

Among Which Was One for the Reduction of Express Rates—Dr. Smith of Lake and His Liquor Bill—County Division Bills Are Numerous.

In the Senate Tuesday morning there were three orders which consumed most of the session.

Mr. Clark's bill providing for an assistant attorney-general was lost, the Senate having passed the House bill by Mr. Matthews of Marion, authorizing the employment of special counsel by the railroad commissioners.

Mr. Trammell's bill requiring the trustees of the Internal Improvement fund to advertise lands offered for sale was passed unanimously and after a lengthy debate the same Senator's bill making 25 cents the maximum rate for express packages not exceeding five pounds in weight, was passed by a vote of 17 to 9.

The consideration of various constitutional amendments in each house occupied a good deal of time and the one proposed by Mr. MacWilliams authorizing the Legislature to fix judicial salaries passed the lower House unanimously.

A debate of nearly two hours covering the question from all standpoints of law and morals and public policy followed the second reading of the bill of Dr. Smith of Lake, prohibiting the shipment of liquors from wet into dry counties of this State, the motion of Mr. Farris of Duval to indefinitely postpone the bill being laid on the table by a vote of 46 to 11 and the bill went to the engrossing committee for third reading.

The House committee on city and county organization reported favorably the bill to abolish the municipality of Estero, and unfavorably the bills for the creation of Seminole and Eden counties.

The Senate will take action today on the Palm county bill and possibly next day on the Pinellas bill, with a warm fight in prospect of both.

The House committee on education today reported adversely to State uniformity of text-books 4 to 3, though Chairman Dudley favored uniformity and the fight will be carried into the House.

SENATE PROCEEDINGS.

The Senate opened Tuesday morning with President Harris in the chair; prayer by Senator Crews. At the request of Senator Cone the

gent fund appropriation to officers' fund. Motion carried.

Alderman Cannon moved that the minutes of October 3 be corrected so as to have the amount of \$218 be placed opposite the name of W. C. Adamson, and dropping the figures from there down until the amount of \$51.49 appear opposite the name of H. E. Taylor. Motion carried.

Alderman Bunch moved that the complaint of the Elks for excessive water charge be referred to superintendent of waterworks, to investigate and report. Motion carried.

Alderman Bunch moved that the water committee investigate the water conditions at the power house, and report if any way seems possible by which the water supply can be increased. Motion carried.

Alderman Bunch moved that the sanitary committee look into the sanitary condition of cesspool on Pitts property, and have the report before Council. Carried.

Communication of Col. Sanchez referred to street committee to investigate.

The appointment of Alderman Bunch as president pro tem was approved by motion of Alderman Vidal.

Whereupon the Council adjourned until 4 o'clock Tuesday afternoon.

Tuesday Afternoon's Session.

The Council met in regular order, in compliance with adjournment of Monday, whereupon an ordinance providing for the issuing of special assessments; city certificates in the sum of \$2,656 bearing interest at the rate of 6 per cent due December, was passed upon its second reading, and ordered engrossed. This ordinance covers East Liberty street, Alachua avenue and East Main street.

Council adjourned to 4 p. m. Thursday.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

With only three dissenting votes the resolution was referred to the committee on constitutional amendments.

SUNDAY SCHOOL PICNIC.

This Event Being Looked Forward To With Great Deal of Pleasure.

The coming union Sunday school picnic, which will be given under the auspices of the Methodist, Presbyterian, Episcopal and Baptist churches on Friday, the 10th inst., is being anticipated by the children and others with a great deal of pleasure.

The picnic will be held at Worthington Springs, and a special train over the Atlantic Coast Line will leave Gainesville at 8 o'clock, reaching the springs at 9. Returning, leave Worthington at 5 o'clock in the afternoon, arriving home in plenty of time for supper.

The fare will be 60 cents for adults and 30 cents for children, round trip, and indications are that a large number will avail themselves of the opportunity, as the public generally is invited.

THE GYPSIES ARE HERE.

The Sparrow Band Have Set Their Tents in North Gainesville.

The band of horse traders under the leadership of Mr. Sparrow, who spent some time here last year, have arrived, and have pitched their tents in the pine grove, North Gainesville, near the store of Henry Ramsey.

While these people are not Gypsies, they are generally termed such, on account of their manner of traveling and living. They are a very clever lot, and the people of North Gainesville welcomed them back gladly.

Reporters are kept away from the White House in the evening. Maybe the President is taking lessons in bridge.

PEACE MOVEMENT BECOMING PRACTICAL.

A recent and encouraging phase of the peace movement is its growing tendency toward the practical. For years peace societies have been enlarging on the horrors of war and deploring war expenditures; yet wars occurred with considerable frequency. No amount of condemnation will remove, at least in our day, the causes of war which are pretty thoroughly inbred in man. The only practical work for peace lies in developing the agencies now at our disposal for dealing with these causes and for preventing as many conflicts as present conditions will permit. It is significant that the recent Peace Congress in New York City gave but scant comfort to the "radicals" and that its platform dealt almost exclusively with propositions which it is reasonable to expect may be taken up by the coming Hague Conference. Here we see the work of some of the more conservative and therefore more effective peace agencies, among them the Lake Mohonk Conference on International Arbitration, which thirteen years ago barred war and peace from its discussions, centering them on the development and promotion of international arbitration. This conference has had no small influence in shaping the sentiment now manifesting itself in Hague conferences and treaties of arbitration. Working on exactly the same principles, the Interparliamentary Union has become the foremost international instrument of peace. The friends of peace do well to follow the example of these bodies, recognizing that a single war prevented today may perhaps be more to the world's advantage than the most elaborate preparation for universal peace a dozen or a hundred generations hence.

Representative Matthews, the distinguished gentleman from the county of Marion, has won the sobriquet of the "bald headed reformer." This remark was occasioned during the early days of the session because of the energetic efforts of Mr. Matthews in reforming the railroads and championing the desirability of enforcing the franchise tax bill in the lower House. That Mr. Matthews is one of the heavyweights of the House, passes without contradiction. He is one of the most affable gentlemen you can meet in a day's inspection of the Capitol. He takes an active interest in all pending legislation and when he rises to address his colleagues on any subject his remarks attract undivided attention. Instantly after the reading of the resolution to have the Lake City school buildings inspected by a committee of the House, the speaker's attention was attracted by Mr. Matthews, who for thirty minutes spoke in opposition to the measure. "What is the need of making a law during one session of the Legislature and repealing it at another," queried the former Consul to Brazil. "The Buckman bill abolishing these institutions has become a law and it is a good one. This inspecting idea is only a ruse to have another State school located at Lake City and I am emphatically against it."

After a spicy speech by Mr. Knight of Columbia defending the moral atmosphere of Lake City, the House sustained Mr. Matthews by a vote of almost two to one as the bald headed reformer gently stroked his curly locks and smiled at his colleague, Mr. Wartmann.

Virginia is the latest State to regulate railroad passenger rates. The State corporation commission has decreed that a maximum rate of 2 cents a mile be established on all the large railroads operating in the State and on the less important roads from 2½ to 3½ cents a mile, according to their net earnings. In relation to the reduction of freight rates the commission holds that the railroads should operate under a uniform classification, as for the time being, at least, it considers the matter of freight facilities is superior in importance to the matter of freight rates. This conservative action by the Democratic State of Virginia shows that the Democratic party may be relied upon to protect the people and at the same time just and fair to the corporations.

It was unfortunate for Mr. Harriman that the controversy arose just as it was becoming possible to finance several nicely watered airship routes.

No one has suggested that Mr. Foraker nominate Mr. Roosevelt.

Senator Joseph H. Humphreys is one of the recognized leaders of the present body of law-makers. Being one of the foremost editors and writers of South Florida, together with his early training in legal jurisprudence, the ever popular and quick-fire speaker from Bradentown cannot refrain from taking his place in the front rank of 1907 Senators. That the earnestness and ability of Mr. Humphreys has long since manifested itself is readily shown by the responsible committee appointments assigned to him. He is a member of nine committees and chairman of the Committee of Temperance. He is a member of the Judiciary and also retains a place on the committee now investigating into the workings of the Internal Improvement Fund. This investigating committee is nightly and daily probing into the condition of this fund and quite a voluminous report is expected by the Legislature before the last day of the session. Senator Humphreys is the author of the Constitutional amendment seeking State option. The amendment has not come up as yet but is expected to appear on the calendar this week. The oratorical effort and convincing logic of the gentleman from the Twenty-seventh will doubtless attract hundreds to the Senate chamber on the day the amendment reaches its third and last reading. Friends of the general South Floridian say it will be a rare treat to hear him tell his colleagues the advantages and popular demand for State option.

Secretary Wilson of the Department of Agriculture has been going among the colleges and telling of the things his department has done and is doing for the farmer, chief among them the investigation it has been making of the possibilities of alcohol as a source of light, heat and power. The Secretary may be pardoned perhaps for tooting a little on his own trumpet. He has developed the Department of Agriculture into one of the most important departments of the Government, because it deals with so many subjects that come closely in touch with the daily life of the people. He is enthusiastic about the possibilities of the alcohol and his enthusiasm is worthy of consideration because of the things he has accomplished in the past. He points out that the end of the wood supply as fuel is more than in sight and the end of the coal supply does not need an opera glass to distinguish it. But alcohol he holds can and will be produced by the farmer from his surplus crops and from crops raised especially for the purpose. He says that without impoverishing the farms, for alcohol is not a fertilizer, the farmer can produce enough alcohol to ward off cold and starvation from the country for an indefinite period. All of this is cheering news for the farmer and equally good for the people at large.

That the former president of the Senate will figure prominently in the next senatorial race is a foregone conclusion. In fact if Dame Rumor can be entrusted, Mr. Adams will appear before the people of his native State with the request that he be given the seat of Senator Mallory at Washington. The friends of Mr. Adams contend, and the contention is substantiated by many of the best political prophets in Florida, that in a whirlwind campaign between Mallory and Adams, the latter would don the senatorial toga so becoming the personality of the statesman from Pensacola.

W. T. Stead says: "American men have no manners." Mr. Stead is the gentleman of polished manners who informed a gathering of ministers that he "didn't care a d— for their 'amens.'"

It is claimed that the ink used in ordinary correspondence these days, will fade completely in sixty days. Mr. Harriman and Mr. Storer ought to use the kind that fades in at least sixty days.

Mr. Harriman may not know where he stands, but there is little reason to fear that the campaign collectors will not be able to find him next year.

Mr. Bryan apparently has the Democracy so well tamed that it doesn't pay perceptibly even at the initiative and referendum.

Apparently Mr. Loeb is preparing to place himself out of blame's way if things go wrong with the Roosevelt-Taft program.

BEARD AMENDMENT KILLED

In the House by Tremendous Vote Against It—Hudson's Bill Creating Palm Beach County Passed Senate. Brilliant Public Reception by Governor.

Special to The Sun.

Tallahassee, May 8.—Both branches of the Legislature have been hard at work today, and many important measures have been passed upon.

Senator Hudson's bill creating Palm Beach county from the southern part of Dade passed the Senate today by a vote of 20 to 11, and the advocates of the bill are naturally happy.

Senator Beard's constitutional amendment providing for the disfranchising of the negro met its Waterloo in the House, having been mercilessly defeated by a vote of 46 to 11.

It looks as though the bill dividing Hillsboro county, and creating by this division the county of Pinellas, will be passed in the Senate, although there is a strong delegation here against it. This is one of the warmest county division fights on record.

It will be pleasing to state that Senator McCreary and Representatives Carter and Duke are hard at work, and industriously guarding the interests of their constituents.

Governor Broward tendered a brilliant reception to the public tonight, which was largely attended and enjoyed.

The committee which visited the State educational institutions has given an excellent report of the University and State College, and Gainesville will have no further fight from Lake City on the University.

CHANGE OF DATE.

Kirby Smith Chapter, U. D. C., Will Meet Friday Afternoon.

A JAIL DELIVERY IN CITRUS COUNTY

Twelve Prisoners Escape from the Inverness Jail.

A VERY PECULIAR OCCURRENCE

Immediately After Escape Was Effectuated, One Prisoner Notified Sheriff Graham—Every Prisoner in Jail Escaped With One Exception.

Special to The Sun.

Hernando, May 8.—Twelve prisoners confined in the jail at Inverness, effected their escape Tuesday night by tearing up the sink in the jail.

The sink was old and rusty, and by some means the prisoners secured a large pipe wrench, and it was used as a lever to pry the sink up.

All the prisoners escaped except one, and he was too large to go through the opening made. One prisoner, as soon as he was out of jail, went to Sheriff Graham's residence and notified him of the escape.

A thorough search is being made for the escaped prisoners.

Former Sheriff Carter, who was suspended some time ago, will, it is understood, be reinstated May 10th.

A negro put a stick of dynamite under a house occupied by a woman Monday night. No one was hurt.

Mitchell Hodge, an old Alachua county boy, has been elected marshal of Hernando.

THE CIRCUIT COURT.

Third Day of Session Occupied Largely in Trial of One Civil Case.

The third day of the session of the spring term of the Circuit Court developed but little, almost the entire day being occupied by one case, that of L. C. Gracy vs. F. P. Henderson, replevin of certain cross-ties, in which a verdict was rendered for the plaintiff.

There were several prisoners arraigned upon various charges, all of whom pleaded not guilty with the exception of John Croft, who pleaded guilty of larceny.

The court will convene again at 9 o'clock this morning.

UNIVERSITY SPORTS.

Second of Series of Athletic Sports to be Pulled off Saturday.

The second in the series of athletic events which have been arranged by the athletic committee of the University of Florida will take place Saturday afternoon of the present week.

The contests will be mainly of a military and aquatic nature. The most interesting feature will probably be the rifle and revolver shooting, the wall-scaling contest, competitive drills, swimming and diving matches.

The public is cordially invited to attend.

NEW ESPICOPAL CHURCH.

Workmen Are Engaged Finishing Up Interior—Handsome Furnishings.

The material and furnishings of the new Holy Trinity Episcopal church, corner East Main and East Mechanic streets, is being received daily, and workmen are engaged in finishing the interior of the building, which will be one of the handsomest church edifices in the State.

The oak panel work, which was made especially for this church, has been received, and much of it has been placed in position. This panel making a handsome contrast with the gray walls, and one that lovers of the beautiful cannot help but admire.

The congregation of Holy Trinity parish cannot but feel a deep pride in their new church.

GAINESVILLE HONORED.

Two Ladies of This City Elected State Vice-Presidents U. D. C.

The people of Gainesville are proud of the fact that two of our most widely known ladies were elected to responsible positions at the State convention of the U. D. C., which met in Jacksonville last week.

These ladies were Mesdames John Chesnut, who was honored by being re-elected as first vice-president, and J. L. Medlin, who was chosen by the Florida division as fourth vice-president.

The selection could not have been more wisely or deservedly made, and friends of the ladies are offering congratulations.

Picnic Postponed.

For some reason the Sunday school picnic from Melrose has been postponed. The picnic was to have been held at Park Springs Friday of the present week, but our Melrose correspondent writes that for some reason the same has been postponed.

The correspondent states, however, that there will be a "public picnic" at Ford's Springs on Thursday, May 9, when all are invited to come and bring full baskets and good appetites.

Indigestion

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

Compliment to Mr. Brown.

E. Paul Brown, one of the efficient clerks in the United States land office, has received notice of his appointment as secretary of the local civil service board of examiners, and will assume his duties at once.

Mr. Brown is a young man thoroughly competent to fill the position, and his friends are congratulating him upon his appointment.

The Board Meetings.

The boards of county commissioners and public instruction held their regular monthly meetings yesterday, proceedings of which will be given as soon as they are compiled on the minute books.

Both meetings were of deep interest, and a great deal of business of importance was transacted.

Ladies Are Thankful.

The Woman's Guild of Holy Trinity Episcopal church desire through The Sun to extend thanks and high appreciation for the very liberal patronage extended their baby show and lawn entertainment.

The ladies report a magnificent business, having realized \$120 net.

A PLEASANT EVENING.

Mrs. Selma A. Ledbetter Entertained Her Young Friends.

Mrs. Selma A. Ledbetter entertained in a most delightful manner quite a number of the young folks, Monday night, at the Foster Flat. An amusing feature of the occasion was an "advertisement guessing contest," which resulted in a tie for the prize between Miss Mabel Livingston, Norwood Baker, Miss Louise Nixon and Josie DePree; Miss Nixon being the lucky one to receive the box of candy. The "booby" prize was awarded to Miss Inez Thomas and Ralph Thomas, and it proved to be a huge stick of candy.

Misses DeLand and Vidal and Joseph DuPree gave several very enjoyable instrumental selections, and Addison Pound rendered a fine vocal selection.

At a late hour delicious ices and cakes were served by little Misses Anna Blair Thomson and Irma Vidal. Those fortunate to receive invitations were Misses Eloise Vidal, Ida McDonald, Mabel Livingston, Ruby DeLand, Inez Thomas, Louise Nixon, Ruth Doig, Rosabel Pedrick, Leo Baker, Mary Crawford, Lucia Patton, Leo Padgett, Gladys McFarland, and Messrs. Ralph Thomas, James Bodiford, Joseph DuPree, Byers Douglass, Cuthbert Padgett, Oscar Thomas, Norwood Baker, Cale Yearwood, Jake Padgett, Willie Shands, Addison Pound and Sandie Graham.

WOMAN WAS RELEASED.

Slayer of James Lee, a Youth, Was Released on Insignificant Bond.

Ola Royal, the negro woman who shot and killed Lee James, a fourteen-year-old boy, at Grove Park, a few weeks ago, and who has been in jail for the past few days, has been released by an order from Justice Colman's court upon a bond of \$250 for her appearance before the circuit court, or at least the grand jury, when her presence is desired.

The story of this crime, which occurred at Grove Park, has already been published in The Sun. The coroner's jury exonerated the woman by a verdict of accidental killing, but she was re-arrested, brought to this city and arraigned in Justice Colman's court, when the justice decided that to gain her freedom she must secure the necessary bond of \$250, which was furnished.

A SERIOUS LOSS.

House and Contents Belonging to J. W. Kellum Burned at Fairbanks.

J. W. Kellum of Fairbanks, who was in the city Monday, reports the loss of his house and all its contents on Friday noon of the past week, and his friends are sympathizing with him.

Mr. Kellum states that while he and his wife were in the kitchen, the latter preparing the noon-day meal, the roof caught from the flue, which was apparently defective, caused more so on account of the extreme dry weather. The flames had been burning about ten minutes, he judged, before being discovered, with the result that, with the inadequate protection, the house and contents were destroyed.

The loss was about \$600, with no insurance. Mr. Kellum, however, proposes to rebuild at once.

A Poor Organ.

Damn the bile. That's what your liver does if it's torpid. Then the bile overflows into the blood—poisons your system, causing sick headache, biliousness, sallow skin, coated tongue, sick stomach, dizziness, fainting spells, etc. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and makes it do its own work. Prevents and cures these troubles. It aids—doesn't force. Entire treatment 25c. J. W. McCollum & Co. and W. M. Johnson, Gainesville.

The First Rehearsal.

As announced in The Sun, the first rehearsal of Wiegand's Festival Mass in "E" flat, was held at Holy Trinity church Monday night. While for various reasons a great many of the chorus were unable to attend (that's one peculiarity inimical to choruses) the general effect was good. In a work of such calibre, large choruses are usually assisted by orchestra as well as organ accompaniments, and it is to be hoped that those in Gainesville who can assist, either vocally or instrumentally, will take advantage of the opportunity afforded them to become familiar with such a composition.

The next rehearsal will be held at 7:30 p. m. Friday next.

NEW ICE FACTORY NOW IN OPERATION

First Ice Will be Pilled from That Institution Today.

AN UP-TO-DATE PLANT

Has a Capacity of Thirty Tons per Day, and the Addition Gives Gainesville Distinction of Being Fourth City in Florida in Ice Making.

With the firing of the furnaces of the Fruit Growers' Ice Company Friday morning, there is added another great industry in the manufacturing line to Gainesville, which is rapidly becoming to rank with the rest of the larger cities of the State in this line.

This plant is no small affair. The plant is modern from one end to the other, the machinery is all of the latest Columbus pattern, which is said to be the best of its kind in the world, and the capacity will be thirty tons per day, making Gainesville fourth in importance in the manufacturing of ice in the State, being exceeded only by Jacksonville, Tampa and Pensacola. The combined capacity of the ice factories of this city will now reach seventy tons, which is a lot of ice.

On starting up the process requires several hours before the ice can be turned out. The management of the new plant expects to turn out their first products today, and in future will contribute its share of "cool comfort."

The necessity for this additional factory was occasioned by the heavy demand for ice for refrigeration purposes. Gainesville being in the center of a large vegetable and fruit producing section, great quantities of ice is used in refrigerating the cars, and upon several occasions it has become necessary to order from other points, the supply here being entirely inadequate to accommodate the demand.

The new factory will employ a large number of men, and will necessarily prove of great commercial benefit to the city.

ANNIVERSARY DINNER.

Judge and Mrs. Syd L. Carter Celebrated Twenty-Seventh Anniversary.

At the elegant home in East Gainesville, Judge and Mrs. Syd L. Carter and family on Sunday participated in a big anniversary dinner, to commemorate the twenty-seventh anniversary of their marriage. There were many gathered around the festive board, representing this interesting family, which is among the oldest in this section, and it goes without saying that everything good to eat was included on the bill of fare.

Judge Carter, who is one of Alachua county's faithful and efficient representatives in the legislature, came down especially to attend this function and be present at the opening of the spring term of the circuit court. While he has suffered considerably from rheumatism for the past few months, friends are glad to see him looking much better than they had expected.

JUSTICE COLMAN'S COURT.

Tom McFadden Charged With Toting a Pistol, But Not Convicted.

Tom McFadden, colored, better known as "Possum" McFadden, possibly because he has the art of "possum" on the officers, was arraigned in Justice Colman's court upon a charge of carrying concealed weapons. The evidence, however, was not sufficiently convincing to hold the defendant, and he was released.

BEWARE OF "DIGESTIVES."

The ordinary "dyspepsia" tablet has ruined more stomachs than all other causes combined. Giving temporary relief, it leaves the digestive system weaker than ever, and the tablets must be continued with increasing frequency.

Mi-na excites the secretion of gastric juice, and when the food is swallowed, the stomach is ready to digest it.

Mi-na stomach tablets are never sold in bulk, but in a neat box convenient for the purse or vest pocket, at 50c.

A guarantee is given by J. W. McCollum with every box of Mi-na, that money will be refunded if the remedy fails to give satisfaction. This shows his faith in the merits of the remedy.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would it be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

TRAINS ANNULLED.

Night Trains Between Jacksonville and St. Petersburg Are Taken Off.

The night trains over the Atlantic Coast Line between Jacksonville and St. Petersburg, known as Nos. 37 and 38, which have been successfully operated during the season just closed, have been annulled for the summer, the last train leaving Jacksonville Sunday and St. Petersburg Monday.

This service has proved very convenient to the traveling public, and the night trains will be missed.

Nothing more has been said in reference to the train which it was rumored would be placed in commission between Ocala and Jacksonville, making a round trip each day. This train would not only prove a great convenience to patrons along the line, but it is the opinion of the conservative railroad man that it would prove a money-maker. It is hoped that the service will be inaugurated.

Following the annulment of Trains 37 and 38, it is rumored that a through fast express between Jacksonville and St. Petersburg will be inaugurated to handle the enormous movement of perishable freight which has heretofore been handled by the night trains.

Baseball "No Go."

Notwithstanding the efforts of a few enthusiastic local fans who have exercised every effort to create a State baseball league, it appears that the issue is a dead one here, as it has been impossible to get a sufficient number of our people interested to even attend a meeting.

Gainesville was for years the banner baseball town of the State, and the old Oak Halls will ever remain fresh in the memory of baseball enthusiasts all over Florida, as this team held the championship as long as they were together; but the interest has lagged until it has become dormant, and the chances for reorganization are anything but encouraging.

It was the idea of those interested here to form a State league of Gainesville, Ocala, Palatka, Orlando and other important towns.
